

German Student Exchange Programme between Victoria and Bavaria and Tasmania and Bavaria

Information for the 2017-2018 Exchange – Prices and Information subject to Change

This exchange programme offers Victorian and Tasmanian students of German the opportunity to experience life with a family in Germany for a period of approximately ten weeks, with an option of nominating to extend it to twelve weeks if desired. The exchange is conducted on a reciprocal basis, so costs are relatively low. The AGTV and BJR are both not-for-profit organisations.

Who are the organisers?

The Association of German Teachers of Victoria (AGTV) is a registered Student Exchange Organisation (SEO) with the Victorian Registration and Qualifications Authority (VRQA) and has co-ordinated the *BJR* exchange in Victoria since 1988 in co-operation with Victorian teachers and schools. In 2015 the AGTV was also registered as a Student Exchange Organisation (SEO) with the Tasmanian Qualifications Authority (TQA).

The *Bayerischer Jugendring* (Bavarian Youth Council – BJR) is a public body commissioned by the Bavarian State Ministry of Education and the Arts with responsibility for international student exchanges for Bavaria, Germany.

Who can go?

Victorian and Tasmanian students of German in Year 9 & 10 apply to be matched through the BJR Exchange when they are in Year 10 or Year 11 the following year. The German students arrive in February of the year after the application.

Successful students need to be excellent ambassadors for Australia, their school and their family. Host families need to be friendly, tolerant of cultural differences and flexible. The application process requires students and their families to undertake a Working with Children Check. Students, families and schools must agree to abide by the AGTV Student Exchange Guidelines.

What role does the school have?

The school must agree to be part of the AGTV BJR Student Exchange Programme and needs to provide a confidential recommendation about the Victorian/Tasmanian student/s applying. The school's role involves sharing responsibility for overseeing the German student/s at the school, including appointing a contact teacher as the Student Exchange Local Coordinator at the school. This teacher is the first point of contact for the German student and host families throughout the exchange in Victoria and Tasmania. As the BJR Exchange students travel on a student visa issued via an AASES form, German students must be enrolled at the school upon arrival in February. This means they are eligible to be counted in the February student census data reported for student funding.

How does it work?

This is a direct exchange involving students, families and schools. Applicants are approved initially in Victoria and matched in Germany according to interests, personality, gender, family etc. It is very important that students provide accurate information about themselves and their family.

The German exchange partner stays with the Victorian/Tasmanian host family for ten weeks from mid February to late April 2017. A picnic is organised for participating families in the Royal Botanic Gardens Melbourne, a study tour (for the German students only in Victoria) and another picnic later in the stay are organised.

In late November 2017, the Victorian and Tasmanian students return the visit, staying with their German host family in Bavaria, experiencing Christmas and New Year German-style and participating in an optional group study tour to Berlin in January. The study tour is led by the Australian Group Leaders in cooperation with personnel appointed by the BJR. The students also meet with Group Leaders and BJR personnel in München in early December to discuss their experiences.

Please note that the AGTV and BJR reserve the right to send students home to the host family from a study tour and in certain circumstances a student may be sent home to the family in Australia or Germany.

How much does it cost?

Costs include:

- The airfare, which varies from year to year. In 2015, the approximate cost of the airfare, including travel insurance, airport taxes and GST, was in the vicinity of \$2,900.00 per student.
- Administration fee detailed below
- Passport
- In kind hosting costs while the German student lives with the family (food, travel to and from school, family activities etc.)
- Spending money while in Germany
- Participation in optional Study Tour to Berlin costing approximately 535 Euros (which at September 2015 exchange rate was \$841.34AUD).

Process

Students are requested to submit an *Expression of Interest* form by email late April.

The AGTV Co-ordinator of the BJR Student Exchange then emails an Application Form to the Student and their family to complete. When this is completed it is emailed to the AGTV Co-ordinator of the BJR Student Exchange Programme (deadline Monday June 15, 2015) and an Electronic Funds Transfer of the Administration Fee is processed and confirmed.

At the same time, forms are emailed to the Applicant's school. These include a Confidential Student Recommendation and a School Agreement to support and participate in the AGTV BJR Student Exchange Programme.

Matchings are finalised by the BJR team in Germany and students and schools are notified of the outcome by email, usually by late September. A Pre-departure and Pre-Hosting meeting are held in Melbourne and Tasmania to assist families preparing for the exchange.

Administration Fee 2016

Student from school with AGTV School Membership	\$600.00 administration fee \$550.00 refund if unsuccessful
Student from non-member school	\$700.00 administration fee \$650.00 refund if unsuccessful
Tasmanian students from schools with AGTV Interstate School registration	\$600.00 administration fee \$550.00 refund if unsuccessful

PLEASE NOTE THAT PRICES ARE SUBJECT TO CHANGE EACH YEAR

Travel Arrangements

The Australian students on the AGTV BJR Exchange will fly as a group with Group Leaders to München, Germany in late November 2017 and will return early February 2018. All travel arrangements to and from Germany for the Australian students are the responsibility of the AGTV and will be negotiated with a travel agent selected by the AGTV. All parents in the group share the travel costs and insurance of two group leaders, although complimentary tickets are some times provided with large group bookings. The families also pay for their child's passport, travel & health insurance, and airport taxes and any additional fees imposed by the airline.

What is expected of the Victorian Host Family?

The host family is expected to provide for their German guest as they would for their own child. It is recommended that a separate room be provided for the guest to give them some personal space, but this is not essential. Host families need to be open to understanding cultural differences during both stages of the exchange and work through any concerns that may arise in consultation with the school's contact teacher, the AGTV Coordinator and BJR team. The team from BJR in Munich oversee any concerns whilst the students are in Germany in consultation with the AGTV Coordinator and Australian Group Leaders.

Applications

Students wishing to apply for exchange should discuss this with their German teacher at school to gain the school's support and then complete the initial AGTV BJR Expression of Interest form in German available on the AGTV website. This completed form should be emailed to the AGTV Coordinator. It is due by April 29 2016.

Exchange application forms are then emailed to all students who have submitted an Expression of Interest, to be completed electronically. Forms are also emailed to applicants' schools for completion. This occurs in May.

Expressions of Interest and Applications received after the closing date may not be accepted. Please note that students are not selected on the basis of their German writing skills. Matchings are made on the basis of the information provided on the Application Form.
