MODEL UNITED NATIONS CONFERENCE IN GERMAN 2018

Education and Training

United Nations Association of Australia, Victoria (UNAAV) and the Languages Unit - Department of Education and Training (DET) invite VCE German students to participate in the German Language Model United Nations Conference being held on Friday 22 June 2018. The conference is supported by the Association of German Teachers of Victoria (AGTV).

A UNAAV Model UN Conference simulates a full-day session of the United Nations General Assembly through role play and debate. Participating students have the opportunity to step into the shoes of country ambassadors and employ negotiation and diplomacy skills to express the views of their country, and ensure these views are heard. Students interact with other delegates during the caucus sessions, present their allocated country's position to the General Assembly and move amendments to a Draft Resolution.

Information packs developed by UNAAV and translated by AGTV for both students and teachers, provide an opportunity to implement key learning areas of the VCE German common areas of study. This includes links to themes related to the changing world and German-speaking communities.
